

Mendocino High School
Production and Managerial Arts | KAKX 89.3FM
2019-2020 School Year
Course Syllabus: Video Production

Dear Students and Families,

Welcome to Mendocino High School's Video Production class! I'm excited about the opportunity to get to know you and I'm looking forward to a productive school year.

About the class:

This course will provide students with an understanding of aesthetic concepts with instruction in theoretical principles and application through practice in the art of video production. Students will also participate in producing live and pre-recorded programming for the school's flagship 24-hour FM-Powered radio station, KAKX "Student Powered Radio". Lastly, students will also get opportunities to work in the field either helping with video shoots, running sound, or whatever tech needs the school asks for.

About the Media Lab:

The Mendocino High School Multimedia Arts Program aka the "Media Lab" is a one of a kind educational experience our small school has to offer. With our main focus oriented around our fully functional and **legal** FM powered radio station *KAKX 89.3*. We provide students the equipment needed to learn and directly apply the fundamentals of audio, radio, and video technology. Students who take this class will be responsible for the overall function of the radio station, in addition documenting campus events through video and sound recording. **Students will be expected to participate in activities outside of regular class hours.**

Instructor Contact:

Marshall Brown - Teacher/General Manager

E-Mail: mbrown@mendocinoused.org

Cell: (707) 367-8148

Lab hours:

- Monday/Tuesday: 8:00AM-6:00PM
- Wednesday/Thursday/Friday: 8:00AM-4:00PM
- After school open lab: Monday 3:30PM-6:30PM
- Lab can be open during lunch by appointment only
- Lab is open during advisory

Some curriculum areas we will focus on this year include:

- See attached unit outline

Students are **expected** to bring the following supplies to every class session:

- Pen/Pencil
- School issued Chromebook or personal computer device. Charged.

My grading policy is:

- See attached policy after syllabus

 2019-2020 School Year
 Course Syllabus: Video Production

Overall Lab Expectations: **See Technology Use Guide and Grading Policy for more specific expectations**

As a technology driven, hands-on course it is crucial that students attend all classes. Skills are built over the year from the ground up.

- It will be the student's responsibility to catch up on work after an absence.
 - As stated in the Student Handbook, if a student has more than 5 unexcused absences the teacher could issue a failing grade.
- Students will be allowed live on-the-air and have the ability to check-out equipment in the lab when they have demonstrated the maturity and professionalism to do so.
- Students will be expected to participate in 12 hours per semester of media activities outside of regular class hours. These hours can be fulfilled by assisting with one of the 70+ events we manage or via our radio station KAKX.
- The Media Lab has a large cache of supplies that professionals use, so the expectation is that all students will treat the tools in our lab like a professional.
- Cell phones are off and away

In addition to the everywhere all the time school-wide expectations, below are the expectations for all Media Lab students:

Be Safe	Be Respectful	Be Responsible
<ul style="list-style-type: none"> ● Use language in accordance to school and FCC guidelines ● Walk a professional pace in the lab ● Lift objects using taught methods ● Use lab equipment and tools that you are instructed to use 	<ul style="list-style-type: none"> ● Use language in accordance to school and FCC guidelines ● Use a quiet voice ● Keep food and drink outside of the lab ● Treat lab equipment and tools with care ● Use of personal computers only when instructed by the teacher 	<ul style="list-style-type: none"> ● Use language in accordance to school and FCC guidelines ● Complete work completely and accurately ● Be on time for class ● Hold yourself to a high standard ● Communicate with the teacher ● Help keep teacher accountable for timeliness and consistency ● Come to class prepared

Once again, welcome to Mendocino High School's Video Production class. Let's work together to make this the best year ever!

Sincerely,
 Marshall Brown
